

# Routine Care Coverage

Routine care coverage for dogs and cats helps pay for your pet's regular veterinary visits. Routine checkups, dental cleanings and blood work may help to catch disease early and ensure a longer, happier life for your pet. It's an excellent way to budget for your pet's expected medical expenses, especially if you have a new kitten or a new puppy.

Pets Best offers two tiers of routine care coverage that can be added to one of our pet health insurance plans for additional premium at the time you enroll, within 30 days of enrolling, or at your annual renewal. Benefits are available to you the day of your policy start date, so you can start using your routine care plan as soon as your policy goes into effect.
