

INTRODUCING THE CAREATC

PATIENT PORTAL

With the CareATC® Patient Portal you can conveniently access your medical history and PHA data, find clinic locations, and you have access to a vast library of health educational resources.

With more options and benefits, logging on is more valuable than ever.

patients.careatc.com

Sign in using your **access code** and **password** from your PHA booklet or call **800.993.8244** for help.

Online Appointment Scheduler - Medical needs often arise outside of the workplace and normal working hours. You can schedule appointments – anytime, anywhere!

Find a CareATC® Location - View all of your eligible clinic locations, get addresses, and view on a map.

Medical Records - View and print past medical history, vitals, clinical encounters, labs, medications, and allergies.

Personal Health Assessment Results - Soon after completing a PHA blood draw, access your results online. You can also download the full booklet!

Schedule Your PHA - This icon will *only appear* when you need to schedule your PHA.

Health Education Library - Provides a wide range of health education materials. Topics include: Diabetes, High Cholesterol, High Blood Pressure, Weight Control, and more!

Improving Health Blog - Creative recipes, fitness tips, and motivation for lifestyle improvement by CareATC® employees and other health specialists.

CareATC® Quarterly Newsletter - View 8 page newsletter covering the CareATC® monthly wellness topics, success stories, recipes, and healthy living articles.

Feedback - Take a survey about your experience with the CareATC® clinic. Your comments make our services better!

Update Your Personal Information - Update your mailing address, email, or phone number as needed.
